### 1 Temperley for Penhaligon's vanity case, £89 (0800 716108)

The glamorous way to carry your make-up around. Design guru Alice Temperley has teamed up with Penhaligon's to create a luxury travel collection that includes this gold-embroidered, plum-coloured leather vanity case.

### 2 Juara Softening Series Candlenut Body Crème, £24 (www.myvanitycase.com)

This luxuriously thick body cream contains fatty acids that have been used to treat dry skin in Indonesia for centuries. It has a wonderfully exotic smell, and leaves skin feeling soft but not at all greasy.

### 3 Gaultier 2 Eau de Parfum, £50 for 2x40ml from Harrods (020-7730 1234)

We love this ingenious twin-set of fragrances in bottles attached to each other by a magnet. As it's unisex it makes a perfect his'n'hers set if you both like the heady blend of amber, musk and vanilla.

### 4 Bobbi Brown Slopes Lip Colour, £14 (0870 0342566)

Created to make you look as though you've had a healthy day outdoors en piste, this colour is back due to popular demand. It looks great on most skin tones, and is dark enough to suit your autumn/winter wardrobe.

### 5 Fresh Pale Nectar and Magnolia Café Double Lip Pencil, £14 (020-7486 4100)

The darker shade of this pencil blends so well with the lighter one that there's very little danger of an obvious lip line. Top with clear gloss to take the matt daytime look into evening.

### 6 Renée Snowpeach Bath Soap, £7.50 (www.myvanitycase.com)

This has a pleasantly old-school floral fragrance but looks modern and classy, and gives a lovely creamy lather.
