### TOP SPOT...

Spots and circles are hot right now, so when these prints from a Byron Bay designer crossed our desk we were hooked! How did they come about? When mum of two Allison Goodman was rejected from the casserole club, she indulged in her love of art and interiors. The result? Yumamuma – a collection of contemporary artworks and framed vintage fabrics. We especially love the graphic red dot on this canvas – it's just like the one on our cover! Prices range from \$50 to \$240. Visit [www.yumamuma.com](http://www.yumamuma.com) or call (02) 6687 5995.
